

LEARNING TEACHING AND TRAINING ACTIVITY:

"SOCIAL CIRCUS PEDAGOGY TRAINING FOR YOUTH WORKERS"

06.05 - 15.05.2023

BREZICE [SLOVENIA]

Erasmus+

THE PROJECT:

This training course is the learning, teaching and training activity of the KA2 project "Circus Act". It is hosted by Association CIK (SLO) in Brežice Slovenia, from the **06.05 to the 15.05.2023**. It include 21 participants and 3 team members from 6 countries (Slovenia, Cyprus, Estonia, Finland, Germany and Hungary).

During the 10-day (including travel) learning, teaching and training activity, we will discover how to use circus pedagogy as a method of youth work. We use circus activities as a form of pedagogy in teaching and in non-formal education. Our main idea is that circus activity is appealing and fun for everybody, making it ideal as a tool for educational work with youngsters.

The main goal of our project is to teach youth workers, basics of various circus skills such as partner and group acrobatics, juggling, diabolo... and show them how to prepare and implement a circus workshop, which they can use as a tool in their work with youngsters. On the end of our training course, all the participants will be equipped with knowledge how to prepare and implement a basic circus pedagogy workshop on their own.

During the project, participants (with the help of trainers) will prepare a short circus show that they will perform for the local community. After the show, the participants will lead the circus pedagogy workshop for the local community and test their newly learned skills.

THE TEAM

The project team includes 3 trainers : Anja mikič, Denis Crovella and Márton Szabó. All three of them are experienced trainers in the field of circus pedagogy and social circus and international non-formal education.
